EDUCATION

Bachelor of Information Technology (Hons.), University Technology Mara (UITM), Machang, Kelantan — 2022 - 2026

- CGPA : 3.29
- Overview: Gained knowledge in programming, data structures, SQL databases, AI, embedded systems, IoT, and software engineering through coursework and projects.
- Final Year Project: Developed a Campus Connect web-based system that allows students to book events online. The system also includes a QR code and camera scanner for attendance tracking. Through this system, users earn points for each event they attend.

Diploma In Business Study, Unifield International College (Affiliate with UITM), Pajam, Negeri Sembilan — 2016 - 2019

- Overview : Completed Diploma in Business Studies with a focus on business management, marketing, accounting, and entrepreneurship. Gained foundational knowledge in organizational operations, communication, and basic financial management, providing a strong understanding of real-world business practices.

WORKING EXPERIENCE

IT Analyst (PROTEGE), Tenaga Nasional Berhad (May 2026 – Present, Business OUA, Shah Alam, Selangor)

- Managed day-to-day system operations and support activities for systems under the OTSOS (Operations) team.
- Assisted in Vulnerability Assessment (VA) remediation activities by identifying, tracking, and supporting the resolution of security findings.
- Supported Cyber Security Risk Assessment (CSRA) activities by coordinating security-related requirements and documentation.

Full Stack Web Developer (Industrial Training), Xenber SDN BHD (Sept 2025 – Dec 2025, Petaling Jaya, Selangor)

- Contributed to full-stack web development, enhancing frontend and backend functionalities.
- Developed user-friendly interfaces to improve usability and user experience.
- Updated system components and fixed bugs to maintain stability.
- Optimized backend logic, database interactions, and workflows for efficiency.
- Collaborated with team members to ensure seamless integration between frontend and backend components, resulting in a secure and efficient system.

TNB Careline, Daythree Business Services Sdn Bhd (Jan 2020 – Dec 2020, Petaling Jaya, Selangor)

- Focused on outage solutions in TNB Careline, handling customer inquiries and service requests professionally via calls.
- Provided accurate information and effective solutions tailored to customer needs.
- Ensured timely issue resolution and escalated cases when necessary.

TRAINING

Cyber Security Certification Workshop, Bangi Hotel Resort, 16 May - 20 May 2026

- Learned fundamental cybersecurity concepts, including threat analysis, risk management, and security best practices.
- Enhanced knowledge of network security, information security and computer forensics.
